INTRODUCTION

*International Week
of the Deaf*

September

IWD is an initiative of the WFD and was first launched in 1958 in Rome, Italy. It is celebrated annually by the global Deaf Community on the last full week of September to commemorate the same month the first World Congress of the WFD was held. IWD is celebrated through various activities by the respective Deaf Communities worldwide. These activities call for participation and involvements of various stakeholders including families, peers, governmental bodies, professional sign language interpreters, and DPOs.

WORLD FEDERATION OF THE DEAF

The **WFD** was established in Rome, Italy, in 1951, and is an international non-profit and non-governmental organisation representing approximately 70 million deaf people's human rights worldwide. The WFD is a federation of 134 national associations of deaf people. Its membership also comprises of Individual Members, Associate Members, and International Members. It also has eight Regional Secretariats, one Regional Co-operating Member, and a Youth Section (WFDYS). The WFD has a consultative status in the UN system, including the ECOSOC; the UNESCO; the ILO; and the WHO, and co-operates closely with the OHCHR. The WFD is a founding member of the IDA.

WHY IS IWD IMPORTANT?

IWD is the only week in a year that sees highly concerted global advocacy to raise awareness about the Deaf Community on different levels. It is about gathering together, becoming united, and showing that unity to the rest of the world.

IWD strives to promote the human rights of deaf people and highlight topics that merit attention.

IWD aims to call for unity from the rest of the world through consistent, coordinated and widespread mobilisation to ensure that the campaigns are visible through sufficient media coverage.

INTERNATIONAL WEEK OF THE DEAF 2017

18 TO 24
SEPTEMBER

THEME: FULL INCLUSION WITH SIGN LANGUAGE!

IWD 2017 takes place under the theme 'Full Inclusion with Sign Language!'. It mirrors the theme of the 3rd International Conference of the WFD* and highlights that full inclusion of deaf people is possible when sign language is recognised and used widely within the society.

IWD 2017 emphasises the importance of sign language. Without the recognition, utilisation and promotion of sign language, the rights outlined in the CRPD and the recently adopted 2030 Agenda and its SDGs cannot be fully achieved.

CAMPAIGN KEY MESSAGES

BIRTH RIGHT

Draws upon the principle of basic human rights in relation to language acquisition at birth. When acquired fast, it enables deaf children to have full communication with people, improving their cognitive and social skills. Deaf children need access to sign language from birth.

DEAF IDENTITY

Identifies deaf people as belonging to a cultural and linguistic community, who use sign language as a mother tongue or natural language to communicate.

ACCESSIBILITY

Stresses that deaf people need access to public information and services via sign language interpreting, subtitling, and/or close-captioning. A key factor to accessibility for public services such as health care, employment, social welfare or any other government services is provision of and access to sign language interpreters.

EQUAL LANGUAGE

Recognises sign language as a valid linguistic means of conveying thoughts, ideas, and emotions. It is a fully operating language with its own syntax, morphology and structure. It fulfils all features serve to define the notion of a language. This has been confirmed in many systematic linguistic research on sign language since the late 1970s.

FULL INCLUSION WITH SIGN LANGUAGE!

EQUAL EMPLOYMENT OPPORTUNITIES

Sign language competency for communication and provision of interpreters mean that deaf people can do almost any job. It is important for deaf people to equally aspire securing jobs that reflect their interest and competency. The main barriers to employment arise from inaccessible work environments rather than an inability to hear.

BILINGUAL EDUCATION

Urges stakeholders to accept the need for bilingual education for a deaf child and to understand how quality bilingual education should be provided in a sign language environment. Bilingual education is a social-cultural approach of using sign language as the language of instruction in all subjects with a parallel strong emphasis on teaching reading and writing of the language used in the country or society.

EQUAL PARTICIPATION

Deaf people need to have equal access of participation in the personal, public and political area as everybody else. More importantly, it is necessary to ensure that deaf people have the opportunity to take up leadership roles, so that deaf people themselves can appropriately advocate for their rights and be involved in all decision-making processes concerning their lives. This is a reflection of the slogan 'Nothing About Us without Us'.

LIFELONG LEARNING

Access to education, vocational training, and ongoing professional training and development, is key to gaining and retaining a job and earning a wage that allows independent living.

ADVOCATE TO EDUCATE

- ☞ Who needs to be involved to take those actions?

4 GATHER INFORMATION

- ☞ What laws protect you and support the right that has been denied?
- ☞ What statistics of information do you have to support your campaign?
- ☞ Identify potential allies, people that will help and support you in resolving this problem, and explore how you can work together to achieve your goals.

5 PLAN AND TAKE ACTION

Now is the time to follow the action plan and take action. Implement the steps you identified to create social change.

6 FOLLOW UP

- All advocacy action needs follow-up!
- ☞ Did you complete the action plan? What was successful? What was challenging?
 - ☞ If you met your goal:
 - ☑ What has helped you to be successful?
 - ☑ Can you use the same strategies for other goals?
 - ☞ If you did not meet your goal:
 - ☑ What changes need to be made to the action plan to achieve your goal?
 - ☑ Do you need more resources, group members, allies, or information?
 - ☑ What are your next steps for action?

WHO

Dr Kauppinen is an internationally recognised advocate for gender equality amongst women and women with disabilities. Her work has been influential through her contribution at the national and international level, including the WFD, IDA, UN and its special agencies. Dr Kauppinen was instrumental in securing references to sign languages and the identity of deaf people within the CRPD, consequently advocating for deaf women's equal participation and opportunities in society. In 2013, Dr Kauppinen received the UN Human Rights Award for her significant work. She has also been conferred with numerous professional honours.

WHY

Deaf women and girls are often faced with systematic exclusion and isolation due to social factors, including communication barriers. To address this, Dr Liisa Kauppinen Fund was established in 2015 to fund for activities focusing on deaf girls' and women's empowerment and to promote their rights and access to education. The core belief is that only with awareness and knowledge about human rights are deaf people, including deaf women, act, exert influence and overcome exclusion.

SPONSOR DEAF WOMEN IN DEVELOPING COUNTRIES

We are fundraising to sponsor deaf women from the developing countries to attend the XVII World Congress of the WFD in Paris, France from 23 to 27 July 2019. In return, you will ensure that deaf women from developing countries have the opportunities to participate in the congress activities, including workshops, the WFD General Assembly, and the numerous scientific presentations, and subsequently transfer the knowledge to their local Deaf Community. Contact WFD Development Officer nafisah.rantasalmi@wfd.fi for more information.
